Virginia Rush Brings Home Regional Championship

VIRGINIA BEACH, VA. (May 29, 2014) - Virginia Rush had a strong showing in the 2014 President's Cup Regional Championships. The GU12 Academy Black team came away regional champions without losing a game! The girls came away with 4 wins and 1 draw against teams from across Region 1. The team scored 22 goals and only conceded 5 on their way to the championship. Delaney Troyer lead the team in scoring with 6 goals including the game winning goal in the final.

"The girls had an excellent week of training prior to departing for the tournament. From the opening whistle on day one they were confident, played hard and executed well. In the end, to a player, they simply wanted it more than their opponents," said Tom Bojanowski, head coach. "This is an amazing accomplishment for the club", Matt Mittelstaedt, Director of Coaching Girls, said. "These girls will remember this event forever."
