

New Uniform Ordering Process for 2012-2013

Uniform orders will now be placed by each individual player through Eurosport. Team Managers will create a team roster within Eurosport and an individual order link will be sent to each player once the roster is submitted. After clicking the ordering link, players will be able to order all required and options uniform pieces as well as other essential gear. Payment is to be made at the time of the order to Eurosport and will be shipped directly to the player. All teams are encouraged to use the new online ordering system.
